EDUCATION

Masters of Social Science

National University of Bangladesh

📅 2018 - 2019

COURSES & CERTIFICATIONS

Reactive Accelerator - [Learn With Sumit](#)

Completed a Reactive Accelerator course from Learn With Sumit

Advanced Web Development - [Coderstrust Bangladesh](#).

Completed a Full Stack Web development course from Coderstrust Bangladesh.

Advanced MERN Stack Development - [Sorobindu by Ashraful Haque](#).

Completed a MERN stack development course from Sorobindu

STRENGTHS

Eager Learning

Continuously learning new technologies and frameworks, staying updated with industry trends, and applying them effectively in projects.

Problem Solving

Experienced in solving real-world challenges through practical and scalable solutions.

Strong Fundamental

Proficient in JavaScript, React, and CSS frameworks, enabling the creation of responsive and dynamic user interfaces..

SKILLS

Frontend Technologies:

Proficient in **React.js**, **Next.js**, and **JavaScript(ES6+)**. Skilled in advanced state management system like **Redux**, **RTK Query** and **TanStack Query**.

Skilled in modern CSS frameworks like **Tailwind CSS**, **Bootstrap**, and **Sass** for designing clean, user-friendly interfaces and **Framer- Motion**, **GSAP** for Create Visual Animations.

Backend Technologies:

Experience with **Node.js**, **Express.js**, and **GraphQL** for backend logic and API development.

Familiarity with **RESTful API** integration and server-side logic implementation.

Database Management:

Proficient in working with **MySQL** and **MongoDB**, including data modeling, querying, and optimization.

Hands-on experience with ORM tools like **Prisma** for efficient database management.

Tools & Workflow:

Proficient in **VS Code**, **Prettier**, and **Webpack** for efficient development and code quality.

Knowledge of **npm/yarn** for dependency management and project initialization.
